Accessibility Plan

1. Introduction

Under the Equality Act 2010 schools must have an Accessibility Plan. This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period.

The effect of the law means that "schools cannot unlawfully discriminate against pupils because of sex, race, disability or belief and sexual orientation". According to the Equality Act 2010, a person has a disability if:

- a. He or she has a physical or mental impairment, and
- b. The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Accessibility Plan is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website.

The Accessibility Plan relates to the key aspects of physical environment, curriculum and written information.

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Special Educational Needs, Disability and Inclusion Policy
- Curriculum Policy
- Health and Safety Policy
- Equality Plan
- School Prospectus
